

Pathway to Employment

Warehouse Retail

A training program supporting participants to gain entry-level employment or a traineeship in warehousing, logistics or retail environments.

Gain the foundational skills needed to start work in warehousing, logistics or retail roles by understanding industry operations, workplace expectations, safety procedures and essential employability skills. This program introduces participants to entry-level job pathways while delivering accredited training to strengthen job readiness. You'll build confidence, develop teamwork and communication skills, use RF scanners for processing goods and orders efficiently and be supported to secure employment or progress into further training in the sector.
